参考：前回（1999年11月；シアトルのメツチャ直前）開催趣旨

グローバル化の中で、国境という垣根が取り払われつつある今、貿易はますます私たちの生活に密接に関わってきています。そして、WTO（世界貿易機関）は、貿易の自由化を推しすすめ、この流れを一層加速させています。一方で、経済的効率・短期的利益のみを優先させた、安易な貿易の自由化には、根強い反対意見もあります。農業・林業・漁業などの一次産業の貿易においては、それらが環境の中で受け持つ役割を把握した上でわたしたち人類が生活できるような環境を持続できる範囲内で収穫や伐採が行われるべきでしょう。また、発展途上国で、多くの労働者が巨大多国籍企業に驚くほどの低賃金で雇われている現実も、何らかの改善措置を必要とする課題の一つです。

わたしたちは、次世代を担う青年としても、これら世界規模で起こっている様々な問題を、ただ見過ごすわけにはいきません。このフォーラムにおける青年同士の交流を通して、WTOに代表される、現在の世界の貿易システムに関する理解が深まるとともに、その抱える課題を認識し、それを克服するための現実的な行動につなげることができれば、と考えています。

「フォーラム」とは

- ・全国から.....（１）
- ・学生を.....（２）
- ・１００人くらい.....（３） 集めて、
- ・環境と貿易.....（４） &
- ・開発と貿易.....（５） っていうネタを
- ・ドーハ閣僚会議.....（６） を見据えて
- ・２泊３日の合宿.....（７） しようか？

みたいな感じっす。

なぜ「フォーラム」か

外ヅラの的に

- ・WTOのことを少しでも広めたい
- ・俺らの年代の連中で考えてみたい
- ・WTOって広い枠を一度でまとめて見る機会ができたらいいかも
（時間が短い／規模が小さいと、１回にやれることが限られる）

プロジェクト的に

- ・企画する中で、ネタあるいは団体／人のつながりが分かる
- ・これを「起爆剤（？）」にする ドーハ&戦略会議へ
- ・戦略会議をホストするための（悪く言えば）練習にする

個人的に

- ・いろんな人と会える

3. 役割分担(?)について

何が必要か

- ・プロジェクトの運営
 - コーディネーター/プロジェクトマネージャー?
 - 外務: 外部団体との連携?
 - ベンキョー会/イベント担当?
 - ミーティング/ベンキョー会/合宿?とか?

To Whom It May Concern:

Please consider us an applicant for the attendance at the third Ministerial Conference of the WTO to be held in Seattle this November. Presentation of our activities is as follows.

With the spread of capitalism, the increasing economies of scale, and the introduction of information technology, we have entered the age of globalization, in which giant capitals play the key roles in the world economy. These giant capitals function on the multinational scale, and hence there arises the issue of free trade.

Free trade is encouraged by the WTO, the successor of the GATT. The WTO is lead by the U.S., who holds some of the world's largest capitals. It has set its terminal goal as to create perfectly free markets worldwide.

However, some argue that the creation of free markets would lead to further earning differentials and concentration of capitals.

The markets of forest, marine and agricultural resources, up to now, have been protected by tariff regulations. If these markets are freed, then it can be assumed that deforestation and excessive consumption of natural resources would increase significantly. This would mean the advancement of unsustainable development for our environment.

As an NGO, we feel that the economic disparity that occurs as a result of world trade needs to be recognized. As citizens of a nation that has now become an economic giant in the world economy, we see the need to spread both the positive and the negative effects that accompany world trade. We are the next generation to bear the future. Now is the time to re-examine the actual side-effects from enhancing world trade.

We are a new NGO cited in Kyoto, Japan, with members from universities all over Kyoto. Our main objective is to establish a strong network with other groups, especially with those that consist of similar age groups. An example of this would be the seminar, which we play to have with A SEED Japan this November.

The members of our NGO have been active in various trade-related issues. One member has participated in the Kyoto Conference last year on Greenhouse gas emissions. He took part in the observer's conference, COP3, as a representative of Japanese students.

The head of our NGO took part in the Conference on

Globalization and Forest held by NGO's such as the IFG (International Forum on Globalization). Over forty participants from fourteen countries reported their current domestic forest conditions in relation to globalization. Through cooperation, an action plan was drawn up to work towards stopping deforestation.

As a group, we have invited various professionals from both Japan and outside Japan to come and speak to us about issues such as agriculture, the timber industry, and the North-South problems.

We also have taken part in the negotiations with the MITI (Ministry of International Trade and Industry) and the MAF (Ministry of Agriculture and fishery) along with other NGO's this August.

Through participating in international conferences, we want to extend our areas of action not only to the domestic level but to the international level. This is to encourage Japan as well as other countries to recognize their own cultural uniqueness, which thus creates differences in their economic features and activities. This is important as a step before opening their markets to free trade.

It can be said that the WTO is sure to benefit from providing an opportunity for such NGO with young active members to take a seat in the international conferences. We would like to cooperate in order to make the WTO a more democratic organization. We, as students, want to take advantage of our free thoughts and actions for our generation to become more familiar with social issues regarding globalization.

Very Truly Yours,

Tets Nagamoto

DOHA WTO MINISTERIAL 2001: NGO ACCREDITATION

Non-governmental organizations

Facilities provided to attend the 4th WTO Ministerial Conference

As Non-Governmental Organizations need to prepare for their attendance at the fourth Ministerial Conference of the WTO to be held in Doha from 9 to 13 November 2001, WTO Members have agreed on 8 May 2001 to renew the same procedures for registration adopted for the previous Ministerial Conferences held in Singapore (December 1996), Geneva (May 1998) and Seattle (December 1999).

Read WTO ministerials:

- [Seattle, 1999](#)
- [Geneva, 1998](#)
- [Singapore, 1996](#)

Applications from NGOs to be registered will be accepted on the basis of Article V, paragraph 2 of the WTO Agreement, i.e. such NGOs "concerned with matters related to those of the WTO". When filling their request for registration to attend the Doha Ministerial Conference, NGOs must apply in detail all necessary information showing how they are concerned with matters related to those of the WTO. In addition, it would be appreciated if NGOs would provide more general information on the institutional structure of their organization, pertaining to such matters as national, regional and international representation, number of staff, membership and financial statements. Finally, it is important to indicate whether your organization has been registered at previous WTO Ministerial Meetings. Requests for registration accompanied by the information requested above, should be sent either by mail to:

External Relations Division
Centre William Rappard
154, rue de Lausanne
CH-1211 Geneva 21
Switzerland

or to the following email address: ngo.registration@doha.wto.org

Registration requests must be received by **2 July 2001**. Requests for registration received after that date will not be processed.

Confirmation of your organization's eligibility to register will be sent, together with the individual registration forms, at **from 4 August 2001**, after the list of NGOs having requested registration has been circulated to WTO Members.

In light of the expected interest among NGOs in attending the Doha Ministerial Conference, certain limits may have to be placed on the number of representatives per NGO delegation. Further information, including the procedures for reservation of hotel accommodation and visa application, will be provided in the letter confirming registration eligibility.

Once individual registration forms have been sent, these should be returned to the above address as soon as possible and in any case **not later than 17 September 2001**.

Please note that:

- All forms are numbered and cannot be copied; only authenticated and duly signed originals will be accepted;
- Incomplete forms will not be accepted; all information requested has to be provided, including recent passport-size photographs.

As from **1 October 2001**, NGOs will receive confirmation of registration. On that basis, badges will be made available in Doha which allow access to all official Ministerial related venues.
